📍 Accra

SUMMARY

As an entry-level Web Developer, I bring proficiency in HTML, CSS, JavaScript, React, Python, and more. I've gained hands-on experience with technologies like Tailwind CSS, TypeScript, Strapi, GitHub, and Firebase. Eager to contribute my skills to dynamic projects, I am adept at translating design concepts into user-friendly interfaces and committed to collaborative development practices. Ready to bring enthusiasm, a strong work ethic, and a quick learning ability to a development team.
